@Marine yes and you just make up an akuma and throw it at the heroes to fight. You can really do pretty much anything with the akuma as long as it's defeatable and doesn't like, go on a murderous rampage and kill half the population

~~autocorrect why did you try to turn defeatable into detestable???~~

(I'm going to switch out Ventuius for this character)

Name: Frida Almina
Gender: Female
Age (13-17): 14
Sexuality/Orientation: Pan,
Appearance: Frida typically wears some sort of flannel jacket, finding it to be cool. Along with it she wears clothing that looks like it hasn't been washed for at least a few days. She's dyed the edge of her chocolate brown hair both green and purple, doing a back and forth pattern. She's fairly tall and has golden brown eyes.
Personality: Frida is very passionate, caring deeply about all things, especially music. Her goal in life is to master every instrument that exists in the world, as she says that music is what defines who she is. @Gem: Adding onto what Hawk said, please provide a countdown.

@Arrow: I'm sorry to be blunt, but— if I recall correctly, the original Rebbecca had a power called Mad Dash in original ML that also increased her agility. This isn't required, but could you please either change the name of her Special Power or what it is...? If another admin thinks I'm just being sensitive, please tell me upfront.

necro pre-approved this offsite but putting it here for reference purposes

****Name:**** Ryou Yuukawa
****Hero Name:**** Sea Serpent
****Age:**** 16
****Gender:**** Nonbinary (they/them, he/him)
****Sexuality:**** Homoromantic Asexual
****Appearance:**** Ryou is on the short side, around 5'3 in height. They have dark, storm-gray eyes, and short, unkempt hair. Their hair is dyed, a dark purple at the roots that fades into a navy blue color at the tips. Often their bangs shadow their eyes. Their eyes are sunken by apparent exhaustion, and their expression always seems stony, unhappy, or emotionless.
They tend to dress rather simply. They're almost never seen without a long, dark gray-black coat, and a pair of headphones that look like they've seen some decent use. Mostly they'll wear a plain white long-sleeved shirt underneath, plain black pants, and black shoes. In public, they also tend to be seen with shades, even if it's dark out or they're inside, and a pair of plain black gloves.. They regularly paint their nails a royal blue.
****Hero Appearance:**** The standard skin-tight suit, colored in a dark blue on the back and sides, and a lighter almost white color on the chest area and the insides of limbs. Rings of black circle the suit

from head to toe, and there are black rings around the eye holes of the mask. The entire suit has a scaled texture.
Personality: Ryou can come off as extremely antisocial. He's extremely withdrawn, and can't speak verbally with people in public spaces and/or that he doesn't know well and have a comfortable relationship with. He speaks well in sign language and is most comfortable in text, though tends to be curt and seems cold to others regardless. He's sensitive to sounds, always wearing headphones in public, as well as to the touch of other people. He can lash out unintentionally when upset, especially due to sensory issues. Often he just tries to keep to himself and avoid others entirely, to spare both him and other people the effort. He doesn't tend to think things through; in fact, he actively tries to avoid thinking, and can come of as brash or impulsive.
Hero Personality: Much the same as their usual personality.
Weapon: A pair of dulled kama.
Special Power: Neurotoxin. Upon activation, Sea Serpent can target up to two people with their power by tagging them with their weapon. The selected person(s) will feel lethargic and have a harder time moving around for about 30 seconds.
Powers: In hero form, Sea Serpent's hearing is dulled, but they are able to feel vibrations in the air and ground much better, as well as having increased speed and flexibility.
Miraculous Appearance: A silver cuff in the shape of a winding snake. The head is inlaid with two obsidian for eyes, and is smiling. It has nine black bands down its length, and five of them will light up when the countdown begins.
Strengths:
emotional: Stands his ground firmly in his beliefs, not easily swayed or pushed down.
mental: When Ryou puts his mind to things he can be surprisingly keen and smart.
physical: Surprisingly strong
Weaknesses:
emotional: Ryou is extremely bad at reading other people, and excessive social interaction causes him great anxiety, in which he may freeze up or go unresponsive.
mental: Easily mentally exhausted, often doesn't have the energy or care to put thought into what he does.
physical: Reckless; over-exerts himself easily and without care.
Other: owo what's this? he's selectively mute and every instance of him talking is in sign language unless explicity stated otherwise

Name: Saan
Animal: Common Sea Krait (sea snake)
Appearance: Average Kwami build, with shorter limbs and a long tail tipped with a paddle. Mostly blue in color, with a paler almost white belly, and black bands around her body.
Personality: Curious and eager to learn, but withdrawn from other people. More open to her miraculous' holder, tends to be the rational thinker.
Food: Canned Tuna, but enjoys any fish really.
Holder: Sea Serpent/Ryou
Other: this what's owo?
